

The ABC's of a good Camporee

A **BSOLUTELY** no vehicles will be allowed out of the parking areas until 8AM Sunday morning. No exceptions. This is for the health and safety of our attendees.

B **OY SCOUT OATH AND LAW** - these are the guiding rules of behavior for all attendees for the weekend.

C **OLOR** - Please note that the color of your wristband is also the color of the flag flying over your Council's Sub Camp Headquarters

On behalf of the Jersey Shore Council, *Thank You* for attending the Camporee. You're almost there, but please be patient as you proceed to the main parking areas – 1.13 miles from the main gate.

You are one of almost 10,000 people attending this weekend, and it takes a little time and effort to get that many people safely onto the Base and into the Camporee.

As you drive along the main road please pay attention to directions given by our staff members – we will be sorting out vehicles without parking passes, directing vehicles with trailers to the Cargo Parking Area and moving everyone else to the main parking areas.

Remember, a Scout (and Scouter) is ...friendly, courteous, kind...
