JAPEECHEN LODGE

OA TROOP/ TEAM REPRESENTATIVE

REGISTRATION FROM FOR THE OA TROOP/ TEAM REPRESENTATIVE

One of the Order of the Arrow's key goals is to provide service to council and community and through the OA troop representative program, many new and exciting opportunities will become more easily attainable. The responsibilities of the OA troop representative will be to coordinate service opportunities within the unit, coordinate unit involvement within the order of the arrow, including unit elections, camp promotions, and induction, and request lodge resources to help meet unit needs. This exciting new program implemented in 1999 is possibly one of the greatest tools our lodge can use to expand our own membership, training, and the quality of our program, while still offering valuable resources back to the unit including service and training. The OA troop representative program is only effective if we reach every troop in our council, and to accomplish this I am asking every brother in our lodge to go back to his troop and among active OA members, decide which among you is willing to act as this liaison between the lodge and their unit. After discussing this with your scoutmaster have this person return the attachment below to the address listed and that person will receive a mailing including a complete listing of responsibilities and how as a lodge we can use this exciting new program to expand our lodge and service to our units. The position of OA troop representative has been recognized as a leadership position towards Eagle Scout such as scribe or instructor, hope every brother considers the immense possibilities this program has to offer.
