INSURANCE

All vehicles MUST be covered by a public liability and property damage liability insurance policy. The amount of this coverage must meet or exceed the insurance requirement of the state in which the vehicle is licensed. (It is recommended, however, that coverage limits are at least $100,000 combined single coverage.) Any vehicle carrying 10 or more passengers is required to have limits of $100,000/$500,000/$100,000 or $500,000 combined single coverage. In the case of rented vehicles, the requirement of coverage limits can be met by combining the limits of personal coverage carried by the driver with coverage carried by the owner of the rented vehicle. All vehicles used in travel outside the United States must carry a public liability and property damage liability insurance policy that complies with or exceeds the requirements of that country.

The local Learning for Life representative may allow a list of information (see next page) be attached to the permit in order to expedite the process. You may circle the names of the drivers for an event or activity.
